

5TH GRADE "WALKS THROUGH THE AMERICAN REVOLUTION"

Our 5th graders recently took an incredible journey back in time during the "Walk Through the American Revolution" event! This interactive experience brought history to life, allowing students to step into the shoes of patriots, loyalists, and leaders who helped shape our nation.

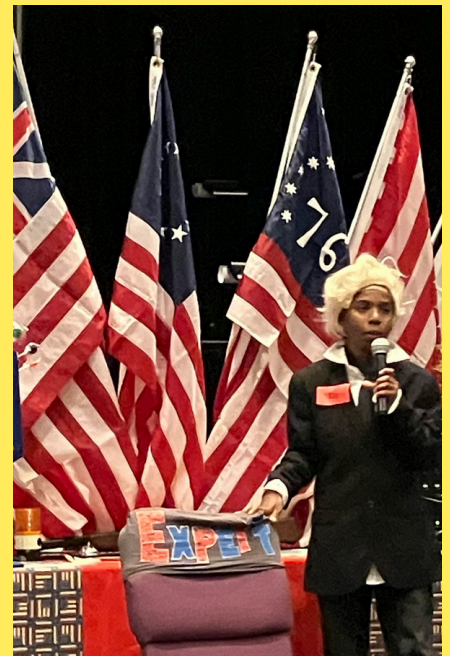

Through games, music, storytelling, and dramatic role-play, students didn't just learn about the American Revolution—they lived it! Dressed in costume and fully immersed, they explored the challenges, debates, and victories that marked America's fight for independence.

The program, a beloved tradition in our 5th grade curriculum, connects perfectly with our school's C.A.L.L.E.D. framework:

- Challenging Case Studies: Students examined real historical dilemmas faced by early leaders, weighing difficult choices and debating strategies for freedom.
- Lead With Love & Logic: Taking on historical roles, they practiced teamwork, leadership, and problem-solving while learning to balance passion with reason.
-

As flags waved and history unfolded, students also demonstrated curiosity, courage, and collaboration—discovering that liberty and unity are as important today as they were in 1776.

Through this immersive experience, our 5th graders deepened their understanding of America's founding story while building the critical thinking and communication skills that will serve them far beyond the classroom. It was a memorable day filled with learning, laughter, and patriotic pride!
