

# BRINGING THE BEATITUDES TO LIFE

## Chapel Skit

Our Chapel program has taken on an exciting new twist! Each class is performing original skits that help teach us the lessons from the Beatitudes. Fifth grade kicked things off with a creative and meaningful skit based on the verse, "Blessed are those who hunger and thirst for righteousness, for they shall be filled."

### McAttitudes: A Lesson in True Satisfaction

The fifth graders brought this lesson to life through a fun and thought-provoking skit set in a McDonald's-inspired setting, aptly named McAttitudes! The skit cleverly showed how chasing after earthly desires doesn't bring true satisfaction. Some students "ordered" from the menu, choosing things like a Buff Burger, a Beauty Biscuit, and a Popular Pie—all of which were pricey and didn't fill their hunger.

Then, one student stepped up and ordered Righteousness Water, which was free and fully satisfied her hunger. This clever skit reminded everyone that striving for righteousness and seeking God's will is the only thing that truly satisfies.

It was a powerful and creative message that left a lasting impression on everyone in Chapel, showing us that worldly desires will never fill us the way God's love and righteousness can. We can't wait to see what the next classes have in store as they continue to share the lessons of the Beatitudes!
