

FOURTH GRADE BIBLE

4th grade is currently learning about God incarnate, Jesus, during Bible class as a part of their journey through Biblical Theology. Students are learning about how Jesus is the Word made flesh, He is our empathizer, our greatest example, the selfless servant, and completely sinless.

In class students got to look up different verses from Jesus's earthly ministry and draw a picture of what Jesus was doing in the passage, and what they could do to model Christ's example. When asked about their learning, Scarlett and Ely gave some examples on what this activity was teaching them. "I learned that we should be teaching other people about Jesus because Jesus is the perfect teacher," Scarlett said. "This activity taught me that I should be giving food to others who do not have much because Jesus fed the people who were hungry. Jesus is our perfect example," Ely commented.

It is sweet to see the hunger for Biblical knowledge in these 4th graders and their desire to follow after Christ in all that they do.
