

# MIDDLE SCHOOL GAME NIGHT: FUN, FOOD, AND TRIBE SPIRIT!

Our Middle School Game Night was an incredible evening of connection, competition, and celebration, all thanks to the leadership of our Associated Body of Students (ASB). When students arrived, they were greeted with upbeat music, delicious pizza, and plenty of drinks to fuel the fun. The atmosphere was buzzing as friends gathered, laughter filled the gym, and anticipation grew for the games ahead.

The night began with two action-packed rounds of dodgeball that had everyone on their feet, dodging, throwing, and cheering for their teammates. Next came a thrilling game of tail tag, which stretched on as the boundaries of the field kept shrinking, forcing players into closer quarters and upping the intensity. Just when students thought they had caught their breath, it was time for “Clumps”—a game that mixed quick thinking with teamwork. As the music played, students walked around the gym, and when it stopped, they had to group up in the exact number called. Too few, too many, or too slow, and your team was out!

What made the night especially meaningful was the amazing turnout—nearly 70% of our middle school students came out to play! The gym was alive with Tribe pride as our Bears, Eagles, Lions, and Oxen competed fiercely for Tribe points. Whether in victory or defeat, students showed great spirit, encouraging each other, laughing together, and celebrating the fun of friendly competition.

Game Night was more than just games—it was about building friendships, strengthening our community, and living out the joy of being part of WVCS. A huge thank you goes out to our ASB for planning such an exciting evening and giving our students a night they'll be talking about for weeks to come!
