## to third grade!

**Mrs. Stalboerger**

I am so excited for your child to be in 3rd grade! It is fun to watch students come in as young 2nd graders and leave as independent and responsible big kids ready for 4th grade! In 3rd grade, your child will learn to do hard things, that struggling means they are growing, that it is ok to make mistakes, and that we are all better when we help each other! Kindness and respect are a big deal in 3rd grade! I look forward to partnering with you as we help your child mature spiritually, academically, and socially! It will be a fun year of learning and growing together! Please feel free to email me some insights about your child and what helped them be successful in 2nd grade. I hope to see you at Student Orientation on 8/12 between 1-3 pm.

### A Little About Me!

I am married to John Stalboerger, who is one of the pastors at WVCC. We have 2 sons. (26 and 28), and all three of them graduated from WVCS! We recently gained a daughter in law!!! I love reading, traveling, bike riding, eating outside, sunsets, Hallmark movies, scrapbooking, and being with friends and family.

As a teacher, it is my desire to help kids grow and discover their gifts and talents, as well as learn how to do hard things. I also love walking along side parents as they enter into the next phase of parenting.
