

# Splashes, Smiles, and Snow Cones: Water Day at Camp!

There's no better way to beat the summer heat than with Water Day, and this week our campers made the most of every splash! With the sun shining and the music pumping, the field transformed into a mini water park filled with excitement, laughter, and nonstop fun. Campers zoomed down the giant waterslide, squealing with joy as they raced their friends to the bottom and ran back up for another turn.

Water toys were everywhere — sprinklers, spray bottles, and buckets made sure no one stayed dry for long. One of the day's highlights? When one of our brave counselors took the ultimate summer dare and got ice bucketed by a group of gleeful campers. "That was so funny, I want to do it again!" said Jude S. with a laugh. Cheers and laughter filled the air as the icy water poured down, making it a moment everyone will remember.

To top it all off, campers cooled down with sweet, refreshing snow cones in their favorite flavors. While many were getting soaked and splashing around, some campers chose to stay dry and enjoy games on the sidelines. “I liked playing games and hanging out with my group,” said Liana M. Mason C. added, “Water Day is the best! I can't wait to do it again next time.”

Sticky hands, soggy clothes, and giant smiles were the signature look of the day. Whether sliding, splashing, or relaxing in the shade, Water Day was more than just a break from the heat – it was a celebration of summer fun and friendship!
